Re: School breakfast price change

Prior to our journey into remote learning, our Department of Nutrition was facing more and more increases to the cost of fruit. This fact has not changed during remote learning and is expected to continue once the next school year arrives.

These increases will cause our breakfast program to go into the red in FY21.

As a result, I am requesting that each board approve the price for breakfast to move from \$1.50 to \$1.75 and to go into effect on August 1, 2020 for all schools under the SAU 41 umbrella.
