CORRESPONDENCE

Superintendent Corey informed the Board that the Chairman of each of the district school boards is working with the Superintendent Performance Evaluation Committee (SPEC). Boards are beginning to schedule their non-public meetings over the month of January to address that issue.

Having provided information relative to the evaluation under the heading of correspondence, Superintendent Corey suggested the agenda item to provide an update could be removed.

There being no objection, the agenda was amended as requested.

MOTION BY MEMBER MANN TO APPROVE THE FY21 BUDGET IN THE TOTAL AMOUNT OF ONE MILLION EIGHT HUNDRED SEVEN THOUSAND ONE HUNDRED DOLLARS

(\$1,807,100)

MOTION SECONDED BY MEMBER SOLON

ON THE QUESTION

Mr. Maguire questioned whether the apportionment formula utilized differs for a SAU. Kelly Seeley, Business Administrator, stated it to be a combination of Equalized Value (EV) and Average Daily Membership (ADM). Mr. Solon stated the formula to be 50/50 ADM/EV. Ms. Seeley indicated the numbers for the EV are received from the State.

Mr. Solon questioned if the COOP portion is then reapportioned by the COOP formula. Superintendent Corey stated the \$910,255 becomes the dollar amount that is assigned to the COOP budget. Following passage by the voters, the calculations are done relative to reducing the budget amount by the offsetting revenue, and the remaining dollars are funded through the apportionment formula, which will be voted on January 29th.

Mr. Solon asked for additional clarification of the \$9,000 (of the \$11,100) increase under the heading of services; specifically, where the cost was previously listed, and was told it was formerly included under the heading of wages as it was an employee performing the function.

Asked why the cost of professional development would be decreased, Superintendent Corey stated it to be based on coursework, etc. employees will participate in.

Mr. Mann questioned the reduction in the line item for professional services - training (\$1,500 or 42.9%). Superintendent Corey responded that is similar to the reduction in professional development; monies are allocated depending on the needs of the district in a given year.

Asked about the merit pool (monies set aside to cover the cost of increases to merit employees), Superintendent Corey stated his belief it is adequately funded. The Board established the process of it being a funded option out of the UFB. There is the ability for the Board to look to the UFB for additional funds should the desire exist to exceed what is allocated. A vote of the Board would be required for such action. Asked what the current balance allows for in terms of an increase, he indicated it is in the area of 2% per person.

Mr. Solon questioned where the rental cost of the building appears in the budget, and was informed it is under the heading of Maintenance – Rent (\$23,970). He questioned if FY21 would be a year with an increase, and was informed it is the second year it is at a flat rate.

Ms. Levesque questioned the typical use of UFB. Ms. Fareed reiterated the intended use of UFB as noted in the Public Hearing; \$10,000 for the hiring contingency, \$2,500 travel line item, computer purchases \$1,000, and approx. \$6,500 for the Government Accounting Standards Board (GASB) end-of-year post employment report.

Superintendent Corey commented during lean years, the Board has allocated monies from the UFB to offset the tax rate. For the past few years, the Board has identified 7-10% as the range for the percentage of the budget to be retained, and has utilized the fund for one-time expenses. The projected FY21 ending balance would represent 7.8%. He noted when utilizing funds from the UFB to offset the tax rate in one year, in the following year that amount represents a revenue item that is not available and ultimately results in a spike in the amount that has to be raised through taxes.

Asked if there would be savings achieved by the individual districts as a result of the new position of Facilities Director, Superintendent Corey responded, in the COOP District, with the new facilities person

coming on board, there would be the elimination of the administrator in the custodial staff. Long-term savings should be achieved through efficiencies, e.g., the position would aid with the Capital Improvement Plans, expertise around boilers, etc.
